

STAFF INFORMATION

Ana is our full-time Registered Dental Hygienist and, as of January of 2007, will have given 9 years of herself to this practice. Ana takes great pride in her work and truly has your best interest at heart when it comes to your dental health. She is an abundance of knowledge and information and is always willing to share it with you to help you meet your dental goals and maintain excellent oral health. We are proud to have Ana's combination of skill and compassion complimenting our team.

Shelly is one of our full-time clinical assistants and January of 2007 marks her 7th year with our practice. Shelly attended Ferris State University's Dental Assisting program in Michigan and has an Associate's Degree in Applied Science. She has a total of 14 years experience in her field and it shows in every aspect of her work. Shelly's attention to dental excellence, along with her interest in making your every visit comfortable and pleasant, make her a great asset to our practice.

Beth holds the title of "Patient Coordinator" in our office and has been with us for 5 years. She handles all aspects related to the scheduling of your appointments, negotiation of financial arrangements and patient care follow-up with kindness, respect and attention to accuracy. She functions optimally when interacting with patients; expressing her genuine interest and concern for you, your family and your well-being. We are fortunate to have such an amiable person to support the relations between our staff and our patients.

Bonnie is our Office Manager and has been with our practice for 13 years. She focuses on aiding our office and staff in all areas necessary to ensure a smooth and pleasant experience throughout your treatment. She is more than willing to help you with all scheduling or billing concerns, as well as any other inquiries you may have. Bonnie's ability to balance attention to detail and accuracy with her sincere interest in helping all your contacts with our office exceed your expectations is an immeasurable asset.

Stefanie is our other full-time assistant and we are thrilled that she joined our group in March 2006. Authentic kindness permeates her professional and personal relationships and makes her a positive addition to our staff. Her dental competence and increased standard of quality, combined with her gracious and thoughtful demeanor is of infinite worth, and we look forward to many years of her contributions to our team.

Penni is our part-time hygienist and became a team member with us in 2004. She works in the office on Fridays and is always willing to pick up extra days when the schedule requires it. Penni's attentiveness to your dental health and her gentle touch make her a positive advantage to our practice!

Sara joined our company in August of 2001 and is our part-time assistant. On occasion, you will see Sara assisting Dr. Howard during your dental procedure; however, she primarily works very hard behind the scenes to aid our clinical department in all they do. Having Sara's support and efforts is a tremendous help when it comes to keeping our schedule flowing smoothly and timely. We are fortunate to have her!
